

You do not have to pray alone.

Bring the things on your heart. Stand with someone in prayer. When the answer comes, share what God has done.

1. Share a request	Use your name or post anonymously. Every burden and every hope is welcome.
2. Pray for someone	Choose a request from the prayer wall and let that person know someone stood with them.
3. Remember the answer	Return with an update or testimony so the community can give thanks with you.
